

MATHIA
ARKONIEL

2D & 3D CHARACTER ARTIST

EXPERIENCES

I am an Illustrator and Concept Artist with over 8 years of professional freelance work in Indie Publishing. I have had the pleasure of working for hundreds of fantastic authors in a variety of genres from Sci-fi to Fantasy and everything in-between.

I have a highly professional conduct in all of my work and a strict adherence to deadlines. I can proudly state that in my 8 years of working as a freelance concept artist and illustrator I have never once missed a deadline; a practice I do not intend to change.

I am currently attending a BA (Hons) course focused in *Computer Games Art* at **Teesside University**, where I had the honour and privilege of being Lead Artist for the outsource Character Team, in my 2nd year during our "*Journeyman Project*"; a project consisting of 10 teams, each containing 20 people.

I set the quality bar for any work that I do, very high, and I always try to surpass that.

EDUCATION

European Baccalaureate High-School Degree in Fine Arts

2nd Year student, BA (Hons) in Computer Games Art at Teesside University
